BIOGRAPHY

Marian Keeler, Associate AIA, LEED® AP BD+C, is a Senior Consultant with Simon & Associates, Inc., a nationally recognized green building consulting firm. The firm has consulted on numerous LEED• certified projects, including some of the earliest projects to achieve LEED certification in California. Projects in which Marian has been involved include the CalPERS Headquarters Expansion Project in Sacramento, Gish Apartments in San Jose, Villa Montgomery Apartments in Redwood City, and the Head-Royce School in Oakland.

Marian has more than twelve years of experience in the green building industry, focusing on indoor air quality (IAQ) and health issues in an integrated approach to high-performance buildings. She has worked in various architecture firms, including SMWM, and as a green building writer and consultant. Marian has presented at EnvironDesign and at San Francisco's 2005 World Environment Day on IAQ and integrated design issues. She has published several journal articles and has written a textbook on *Fundamentals in Integrated Design for Sustainable Building*, to be published in 2009 by Wiley & Sons.

Marian is a LEED• Accredited Professional, and she is on the Board of West Coast Green, the Expert Review Panel of GreenHomeGuide.com, and on the Advocacy and Resources committees of the US Green Building Council's Northern California Chapter. She received her Bachelor of Architecture degree from California College for the Arts and a Bachelor of Arts in Art History from the University of California at Davis.
