

simon & associates, inc. | green building consultants

## **BIOGRAPHY**

**Lynn N. Simon, FAIA, LEED® AP BD+C**, is President of Simon & Associates, Inc., Green Building Consultants. She established the firm in 1994. The nationally recognized firm uses a practical and collaborative approach and offers a wide range of services to advance sustainable and healthy building design and construction practices. Lynn has consulted on numerous LEED certified projects, including some of the earliest projects to achieve LEED certification in California.

Lynn is a green building pioneer and a leading authority in the industry. She has been at the forefront of the sustainable design movement since 1989. Prior to establishing Simon & Associates, Lynn worked with the U.S. Green Building Council (USGBC) and Global Green USA, a nonprofit dedicated to greening affordable housing. She has served on the Board of Directors of several building industry organizations, including the AIA San Francisco Chapter Board for four years and the USGBC Board for six years. She has also served as the Chair of the USGBC Curriculum Committee and on the Steering Committee and Management Steering Committee. Lynn currently serves on the USGBC's Education Committee and LEED Steering Committee. She is a Master LEED Faculty member, a LEED Accredited Professional, and a Certified Green Building Professional.

Lynn is a licensed Architect in California, and she has a Bachelor of Arts in Architecture from UC Berkeley and a Master of Architecture from the University of Washington. In 2003, she received the AIACC Presidential Citation Public Service Honor Award, and in 2005 she was named one of 25 Environmental Champions by *EnvironDesign Journal*.
